

Jule Berry

Virginia, USA | LinkedIn: [linkedin.com/in/juleberry](https://www.linkedin.com/in/juleberry)

PROFESSIONAL SUMMARY

Customer Support Specialist with SaaS and technical troubleshooting experience supporting users in fast-paced, ticket-based environments. Experienced in identifying user vs. product issues, documenting bugs, and escalating cases with clear technical detail. Seeking to contribute to a high-ownership support team and grow into more technical support or support operations roles.

SKILLS

Soft: Customer Empathy, Problem Solving, Written Communication, Attention to Detail, Queue Management

Technical: Zendesk, CRM Systems, Mac OS/iOS, Windows, Android, Microsoft Suite, Zoom

EXPERIENCE

[Business Process Outsourcing firm], Colorado (Remote)

October 2020 – February 2022

Member Services Representative – Tier 1 SaaS Support

- Managed high-volume Zendesk ticket queue, providing email-based support for SaaS users
- Troubleshot account access, password issues, and application functionality across web and mobile platforms
- Diagnosed and resolved technical issues by guiding users through structured troubleshooting
- Identified user errors vs. product defects and escalated bugs to Tier 2 with detailed documentation
- Supported onboarding and user training via Adobe Connect and Microsoft Teams
- Maintained 98%+ customer satisfaction scores through clear, empathetic written communication
- Assisted in improving internal macros and Knowledge Base articles to increase support efficiency

[Nail Salon], Virginia

January 2017 - March 2026

Customer Service Representative and Nail Technician

- Delivered high-touch customer service in an appointment-based environment requiring precision, communication, and attention to detail.
- Educated customers on product usage, nail care, and treatment options using clear explanations.
- Documented customer feedback and collaborated with management to improve service outcomes.

[Automotive Dealership], Virginia

August 2015 – April 2017

Receptionist and Customer Support

- Responded to inquiries about the dealership and the automotive service department while navigating multiple PC software systems.
- Effectively routed inbound calls and answered inquiries for the sales and service departments.
- Processed financial transactions and recorded payments on accounts while maintaining the confidentiality and security of personally identifiable, sensitive information.
